Julian Hjartholm Bosdal

Computer Engineering Student

Bergen, Norway • bosdalj@gmail.com • +47 954 54 892 • julianbosdal.me

Computer engineering student at HVL with strong academic results and hands-on experience building real-world projects. Comfortable with modern AI tooling, backend development, and team collaboration. Looking to contribute in a practical, client-facing environment.

EDUCATION

Bachelor in Computer Engineering *Aug 2024 – Jul 2027*

HVL — Western Norway University of Applied Sciences

- Grade average: 4.67 / 5.0 (7× A, 1× B, 1× C across 9 graded courses)
- Distributed systems & networking (DAT110), systems development (DAT109), deep learning (DAT255)
- Algorithms & data structures, databases, operating systems, web applications, statistics

PROJECTS

Vela AI — Co-founder *velaai.onrender.com*

Startup · Mobile App · Speech-to-Text

- Co-founding a startup for the aquaculture industry: an app that lets fish health vets capture in-field registrations hands-free, auto-log findings, and generate reports.

Poker — Group Project *Java · Spring Boot · PostgreSQL*

Java · Spring Boot · PostgreSQL

- Built a multiplayer web app with Java backend, PostgreSQL database, and server-side rendered pages; led the team as group leader and managed collaboration via Scrum, Maven and Git.

Personal Portfolio & CV *julianbosdal.me*

HTML · CSS · JavaScript · GitHub Pages · Claude Code

- Personal website and CV built from scratch, then refined with AI assistance; deployed via GitHub Pages with custom domain.

EXPERIENCE

Team Leader — Salt Bergen (Church) *Mar 2026 – Present*

Volunteer

- Leading a team of 24 with full responsibility every third weekend; coordinating preparations, welcoming guests, and delegating tasks.

Volunteer Programmer — Fribyte *Aug 2024 – Aug 2025*

Part-time · Student open-source organisation

- Built and maintained client websites; got a brief introduction with Git, Docker, and server management.

Event Organiser — ROOT Linjeforening, HVL *Aug 2024 – Jun 2025*

Volunteer

- Organised social events for IT students; built community across campuses.

SKILLS

AI & Tooling	Claude Code, Git, Docker
Web & Backend	Java, Spring Boot, HTML/CSS, JavaScript, SQL, MongoDB
CS Concepts	Algorithms, Distributed Systems, OOP, REST APIs, Scrum
Languages	Norwegian (native) · English (fluent) · German (elementary)

INTERESTS

Faith & Community · Brazilian Jiu-Jitsu · Fantasy Literature · Hiking
